TERMS OF SALE:

All sales are net 15 days to institutions with acceptable Dun & Bradstreet, Inc., rating. Unrated firm or nonlisted firms are requested to submit the name of your local bank and two major trade references or include check with your order to assure proper handling.

LIABILITY:

No liability is assumed by this company for damage and/or injury resulting from equipment supplied by this company.

MINIMUM ORDER:

Rising costs make it imperative for us to impose a \$35.00 Minimum Order per order, unless other arrangements are made. Special and/or custom made products are not returnable. Minimum quantities on certain products listed herein must be adhered to.

DAMAGED SHIPMENTS:

To protect your interest, we suggest that you inspect shipment before accepting receipt of merchandise. Damages should be noted on freight bill and claim filed immediately with carrier.

RETURN SHIPMENTS:

Any merchandise being returned must be sent freight prepaid. **RETURN AUTHORIZATION MUST BE GRANTED BY US IN WRITING BEFORE RETURN OF MERCHANDISE.**

PRODUCT DESIGN:

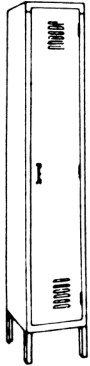

All orders are accepted subject to design change by manufacturer, and our ability to obtain materials and/or products.

	3	18	✓ 5362-3

*Heights shown do not include legs — add 6" to height for legs.

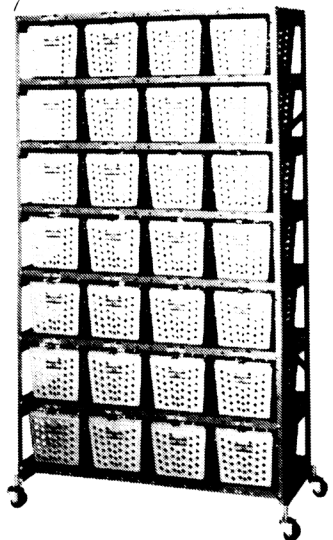

**All numbers listed above are shipped knocked down. For lockers packaged three wide and five and six high multiple tier lockers, order as shown.

NOTE: Triple-tier lockers have handle and lock-bar assembly. Triple-tier lockers are available from stock in Putty (a light beige) at the L.A. warehouse only.

Four-tier lockers have one-point latching system and doors are equipped with padlock hasps with door pulls.

BASKET RACKS

Economical clothing storage for gymnasiums, swimming pools, etc. Baskets have 3/4" x 1" wire mesh sides and bottom with perforates sheet steel front and back. Basket is electroplated with bright zinc and chromate dip. Rack legs are punched for conversion to portable units with casters. Number plates are extra, with one required for each basket and each basket rack opening.

No. 5930

No. 5930	40 1/4" w x 13 1/4" d x 68 3/8" h, includes 21 standard baskets 12" w x 13" d x 8" h
No. 5931	Same as No. 5930, without baskets
No. 5932	40 1/4" w x 13 1/4" d x 68 3/8" h, includes 28 standard baskets 9" w x 13" d x 8" h
No. 5933	Same as No. 5932, without baskets. For racks with Pilfer-Guard baskets, order No. 5931 rack and 21 No. 5937 baskets — or No. 5933 rack and 28 No. 5936 baskets.

EXTRA BASKETS

STANDARD

No. 5934 — 9" w x 13" d x 8" h

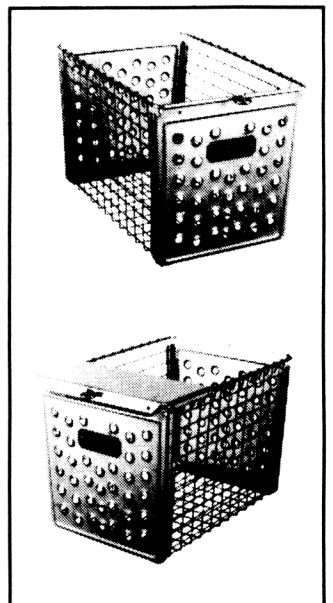

No. 5935 — 12" w x 13" d x 8" h

PILFER GUARD

Same as above except with protective steel cover over the front 3" of the basket opening.

No. 5936 — 9" w x 13" d x 8" h

No. 5937 — 12" w x 13" d x 8" h

Master® Locks

FOR CORRIDOR LOCKERS — SCIENCE LABS
ATHLETIC AND INDUSTRIAL ARTS DEPARTMENTS

COMBINATION PADLOCKS

High Security

- | | |
|---|--|
| No. 2010
Key-Controlled
Deadbolt Combination
Padlock | No. 2002
Deadbolt
Combination
Padlock |
|---|--|

Heavy duty protection combined with keyless convenience. More than doubles combination lock strength and security. Exclusive high-tech steel shackle. Dual ball-bearing deadbolt locks both shackle legs. Resists abuse, prying and impact. Stainless steel outer case surrounds massive solid inner case. Rugged rim-reinforced dial resists prying and knock-off. Smooth 3-number dialing. Thousands of possible combinations. Self-locking, automatically disarranging tumblers and dial spin-off.

With Key Control

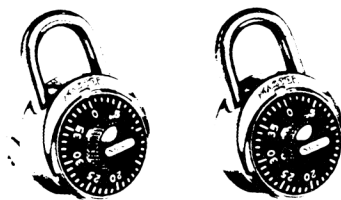

No. 2010 has control-key mechanism — authorized person has access to all lockers. (Order Control Key separately.) Installation record maintained at factory, permitting extension of system under same key. Can be supplied key-compatible with existing No. 1525 key-controlled systems.

No.	Description
2010	Key-controlled deadbolt combination padlock
1525K	Control key

Without Key Control

No.	Description
2002	Deadbolt combination padlock

COMBINATION PADLOCKS

- | | |
|---|------------------------------------|
| No. 1525
Key-Controlled
Combination Padlock | No. 1502
Combination
Padlock |
|---|------------------------------------|

Keyless convenience — smooth 3-number dialing. Self-locking, automatically disarranging tumblers, and dial spin-off. Stainless-steel case with double-wall construction. Nickel-plated steel shackle. Patented dialing marker.

With Key Control

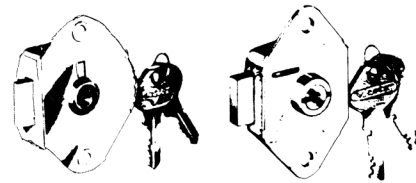

No. 1525 has control-key mechanism — authorized person has access to all lockers. (Order Control Keys separately.) Installation record maintained at factory, permitting extension of system under same key.

No.	Description
1525	Key-controlled
1525LF	With 1½" shackle
1525LH	With 2" shackle
1525K	Control key

Without Key Control

No.	Description
1502	Combination padlock
1502LF	With 1½" shackle
1502LH	With 2" shackle

BUILT-IN KEY LOCKS

- | | |
|--------------------|----------------------|
| No. 1710 Dead Bolt | No. 1714 Spring Bolt |
|--------------------|----------------------|

5 PIN TUMBLER SECURITY

Nos. 1710 and 1714. Exceptionally fine precision mechanism and thousands of key changes assure excellent protection. Wide range of master-keyed systems.

No.	Description
1710, 1714	Keyed differently
1710MK, 1714MK	Master-keyed
	Master key for 1710MK, 1714MK

BUILT-IN COMBINATION LOCKS

- No. 1630
For lockers with
handles & automatic
locking rods

- No. 1654
Springbolt; for
box lockers
without handles

- No. 1670
Extra resistance to
vandalism; for
regular, box &
open-mesh lockers

Can be installed in less than a minute. Fast push-button combination changer, exclusive with MASTER. Five pin tumbler security. Combination changes pre-recorded on master chart. Control key is also re-set key. Stainless steel escutcheon plate. Working parts rust-resistant. Engineered for long life and complete dependability. Can be master-keyed with No. 1525 padlocks.

No.	Description
1630	For doors hinged on right
1631	For doors hinged on left
1654	For doors hinged on right
1655	For doors hinged on left
	Control keys for above locks

SECURITY LATCH

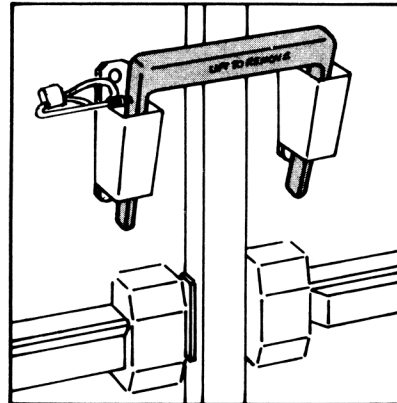

- **SECURITY LATCH** is an investment in protection and safety. It has many benefits over standard methods of panic door retaining devices. Here's why . . .
- **FIRE SAFETY** — Secures Panic Doors without chains or padlocks . . . allows fire fighters immediate exit from a building . . . eliminates the possibility of being trapped in a burning building.

- **TIME SAVER** — Saves employee time securing a building because of the simplicity of application, removal and storage.
- **LOW COST** — The average school can be equipped with Security Latch for less than the insurance deductible incurred as the result of one break-in.

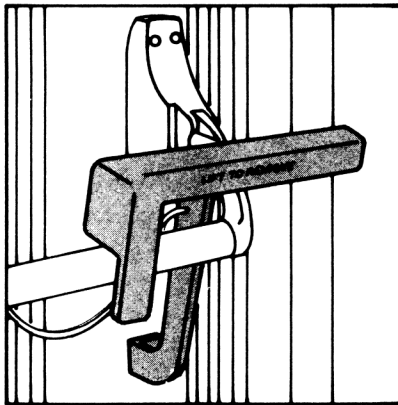

SAFE, MAR-PROOF SURFACE
